

## Farmer's Market Fresh Activity / Upper Elementary

Windy sure hopes you learned many things from *Farmer's Market Fresh*. She has written this paragraph to see how much you remembered. Fill in the blanks by using the words from the box below.

The OrganWise Guys wanted to go to \_\_\_\_\_ for this year's field trip. The problem was they didn't have enough \_\_\_\_\_. Sir Rebrum came up with the bright \_\_\_\_\_ of having a farmer's \_\_\_\_\_ and selling fruits and \_\_\_\_\_. They were going to get these items from their very own \_\_\_\_\_. Windy loved this idea because gardening was also very good \_\_\_\_\_. She loves to be outside working in the garden in the nice \_\_\_\_\_ air. When they first \_\_\_\_\_ in the morning, sales were very slow. Sir Rebrum wasn't concerned because he knew it would soon be \_\_\_\_\_ time. All of the sudden there were \_\_\_\_\_ of customers. By the end of the day they had \_\_\_\_\_ almost everything. And guess what, they had \_\_\_\_\_ enough money for \_\_\_\_\_ to go on the field trip!

Windy knows that in order to eat lots of fresh fruits and vegetables, they must be available in your house. Make a list of the fruits and veggies you would like to get on the next trip to the farmer's market or grocery store. Be sure to take the list with you the next time your family goes shopping
